Product Description

Green Customized Polyester Zippered Document File Pocket Tote Bag With Logo

1 / Details

Feature:

From its material, this bag is made of polyester fabric, which has good water resistance, tear resistance and high temperature resistance.

From its usage, the bag is, as the title suggests, a place for office file. In addition, it can also be used by students, for example, when they have exam, they can put the examinee's id, stationery and so on in it, and do not need to carry their schoolbag, it is more convenient for them.

From its appearance, the bag is made up of three parts: the main large pocket, the mesh pocket on the outer left and the small polyester pocket on the right. Each of its pocket has a zipper, and the two little pockets on the outside are not connected, so in those two little pockets you can put things with different attributes, like in the mesh bag you can put some pens. In another place small items like notes.

Size:

The size of this bag is 28*19cm.
