Product Description

Easy Carry Small Folding Tote Bag 170T Polyester Recycling Environmental Friendly

1 / Feature:

The material is made of 170T polyester, which is cheap and reusable.

The shape is like a T-shirt. The handle is 2 layers with double stitching for reinforce. The body can be folded into the small pocket. It is very convenient for you to take it when going for shopping. Ultra-lightweight to follow you and no much space. Use more reusable foldable tote bags, and less plastic bags. This bag is eco-friendly, which helps to reduce the amount of waste from disposable plastic bags clogging up our landfills. Do more help for our environment.

This bag is easy to fold up and put back in their pouch. Great to attach to your purse or put in your purse.

We manufacture the polyester and cotton/canvas fabric ourselves in Suzhou, so the cost will be lower.

We have silk screen, heat transfer, Sublimation and screen dots printing methods.
